

Paper size for roll: 11.340 m x 297 mm

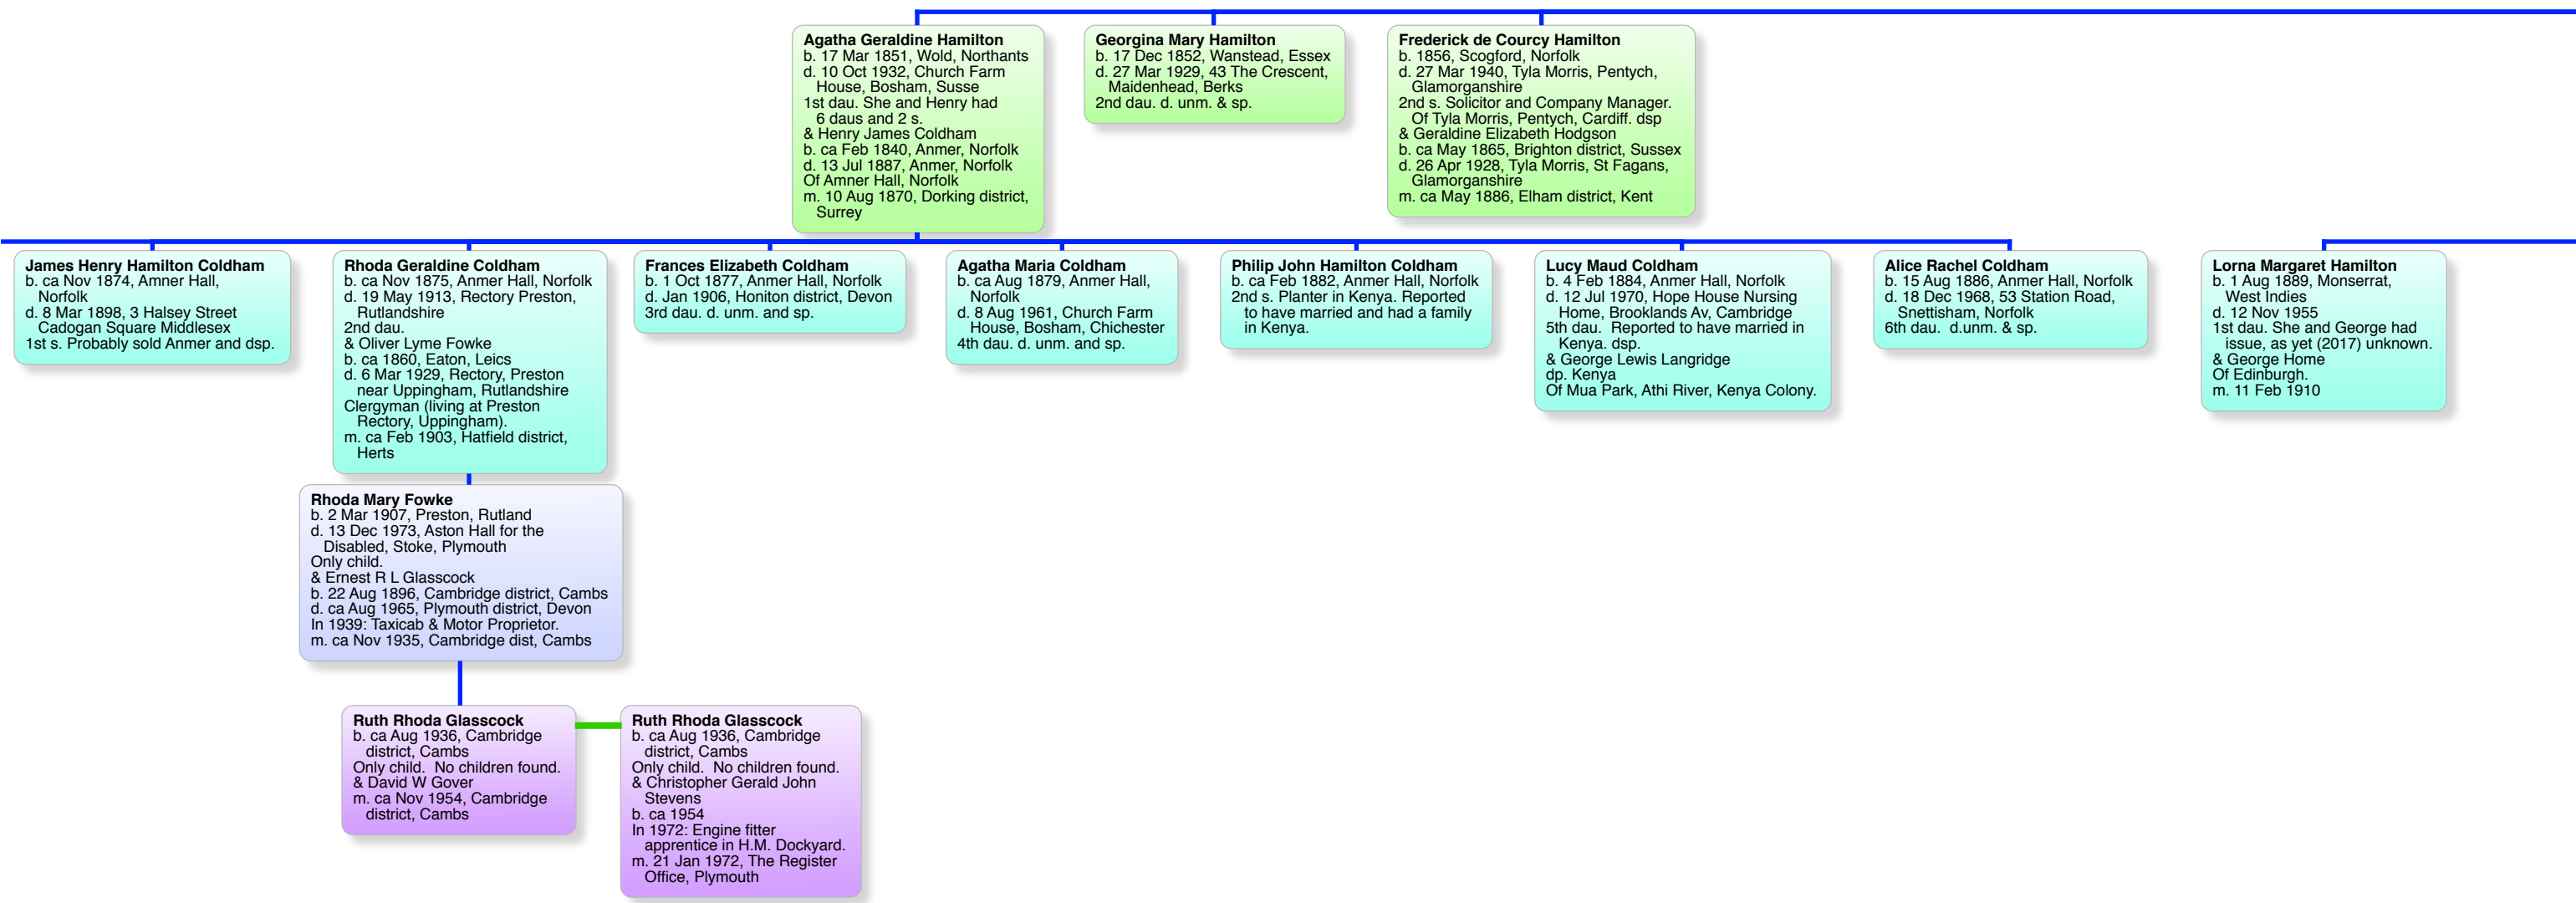

This chart is part of the project to catalogue all descendants of all known, 61 out of 64, gt-gt-gt-gt-grandparents of my generation of P-Ls.

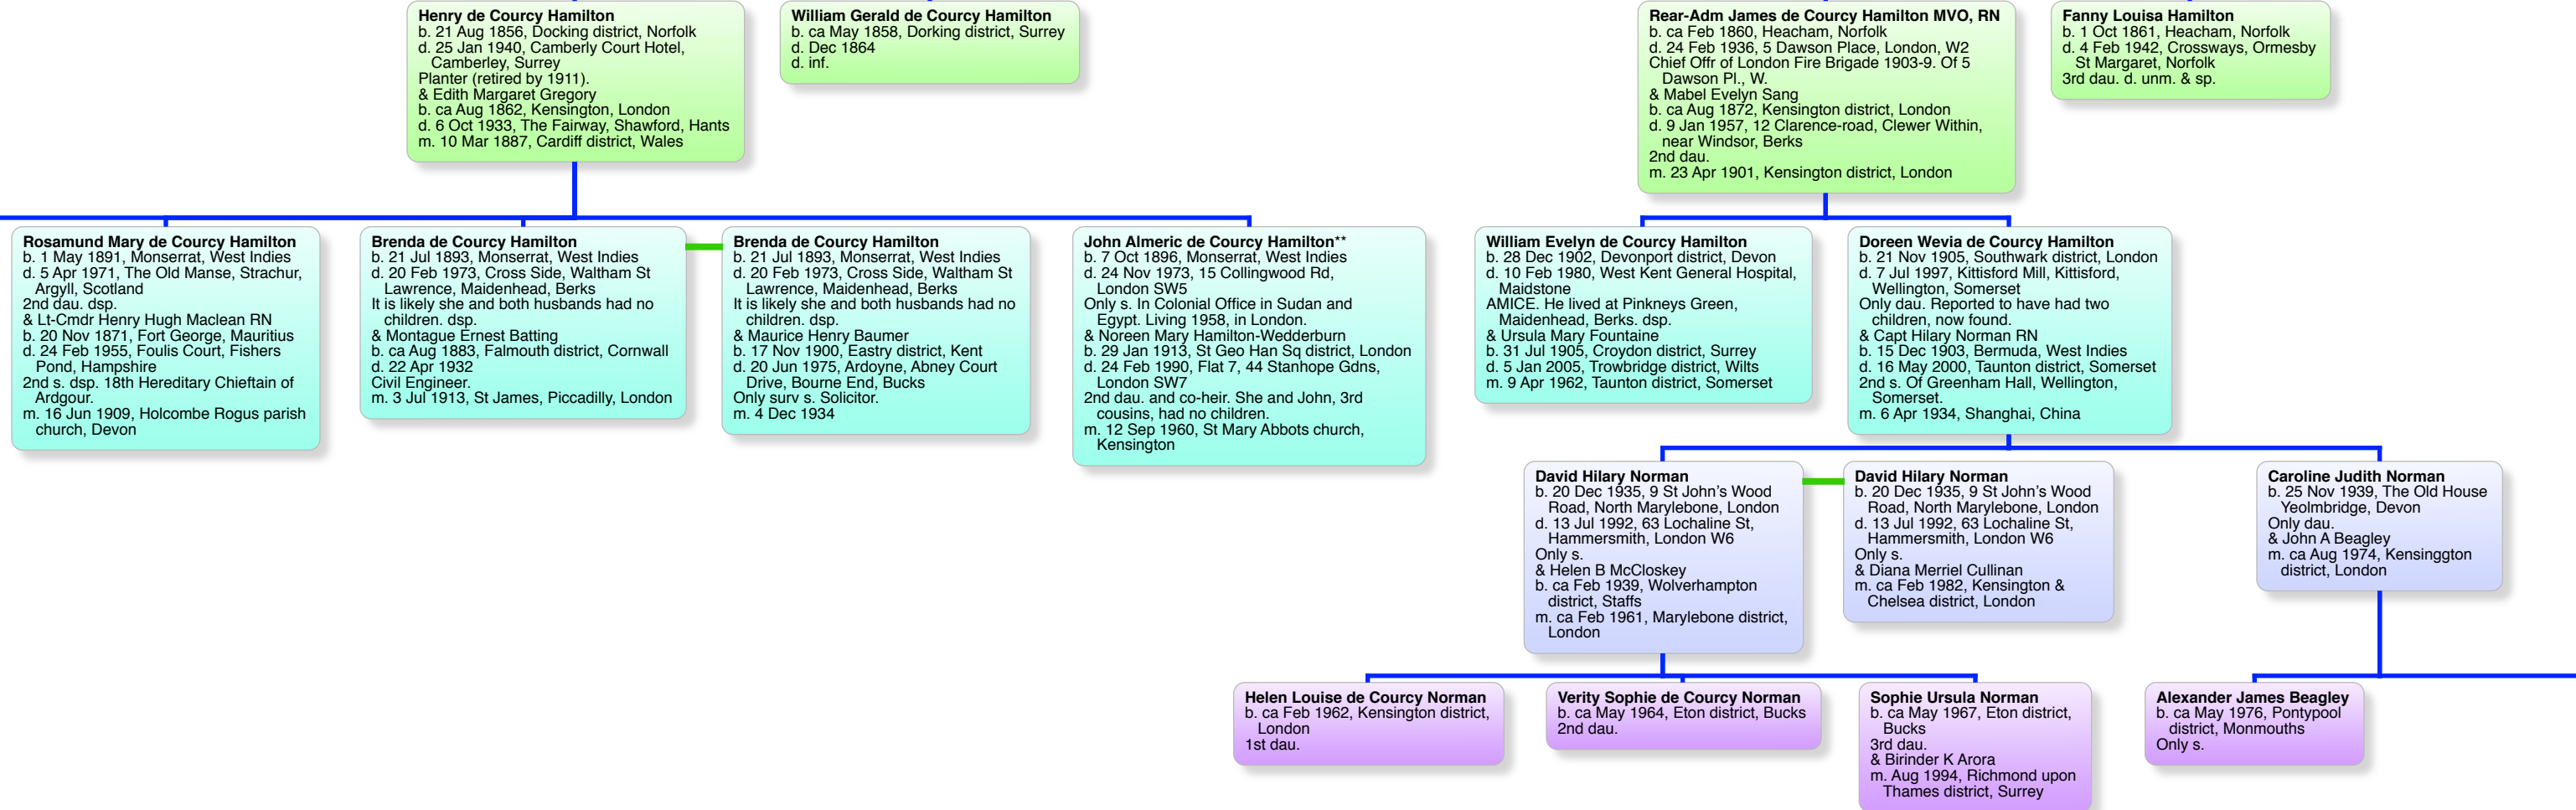

Virtually all the data has been taken from publicly held documents. So it is a bit thin and errors will have been made. Please tell me of all corrections that you know of to <tim@powys.org>.

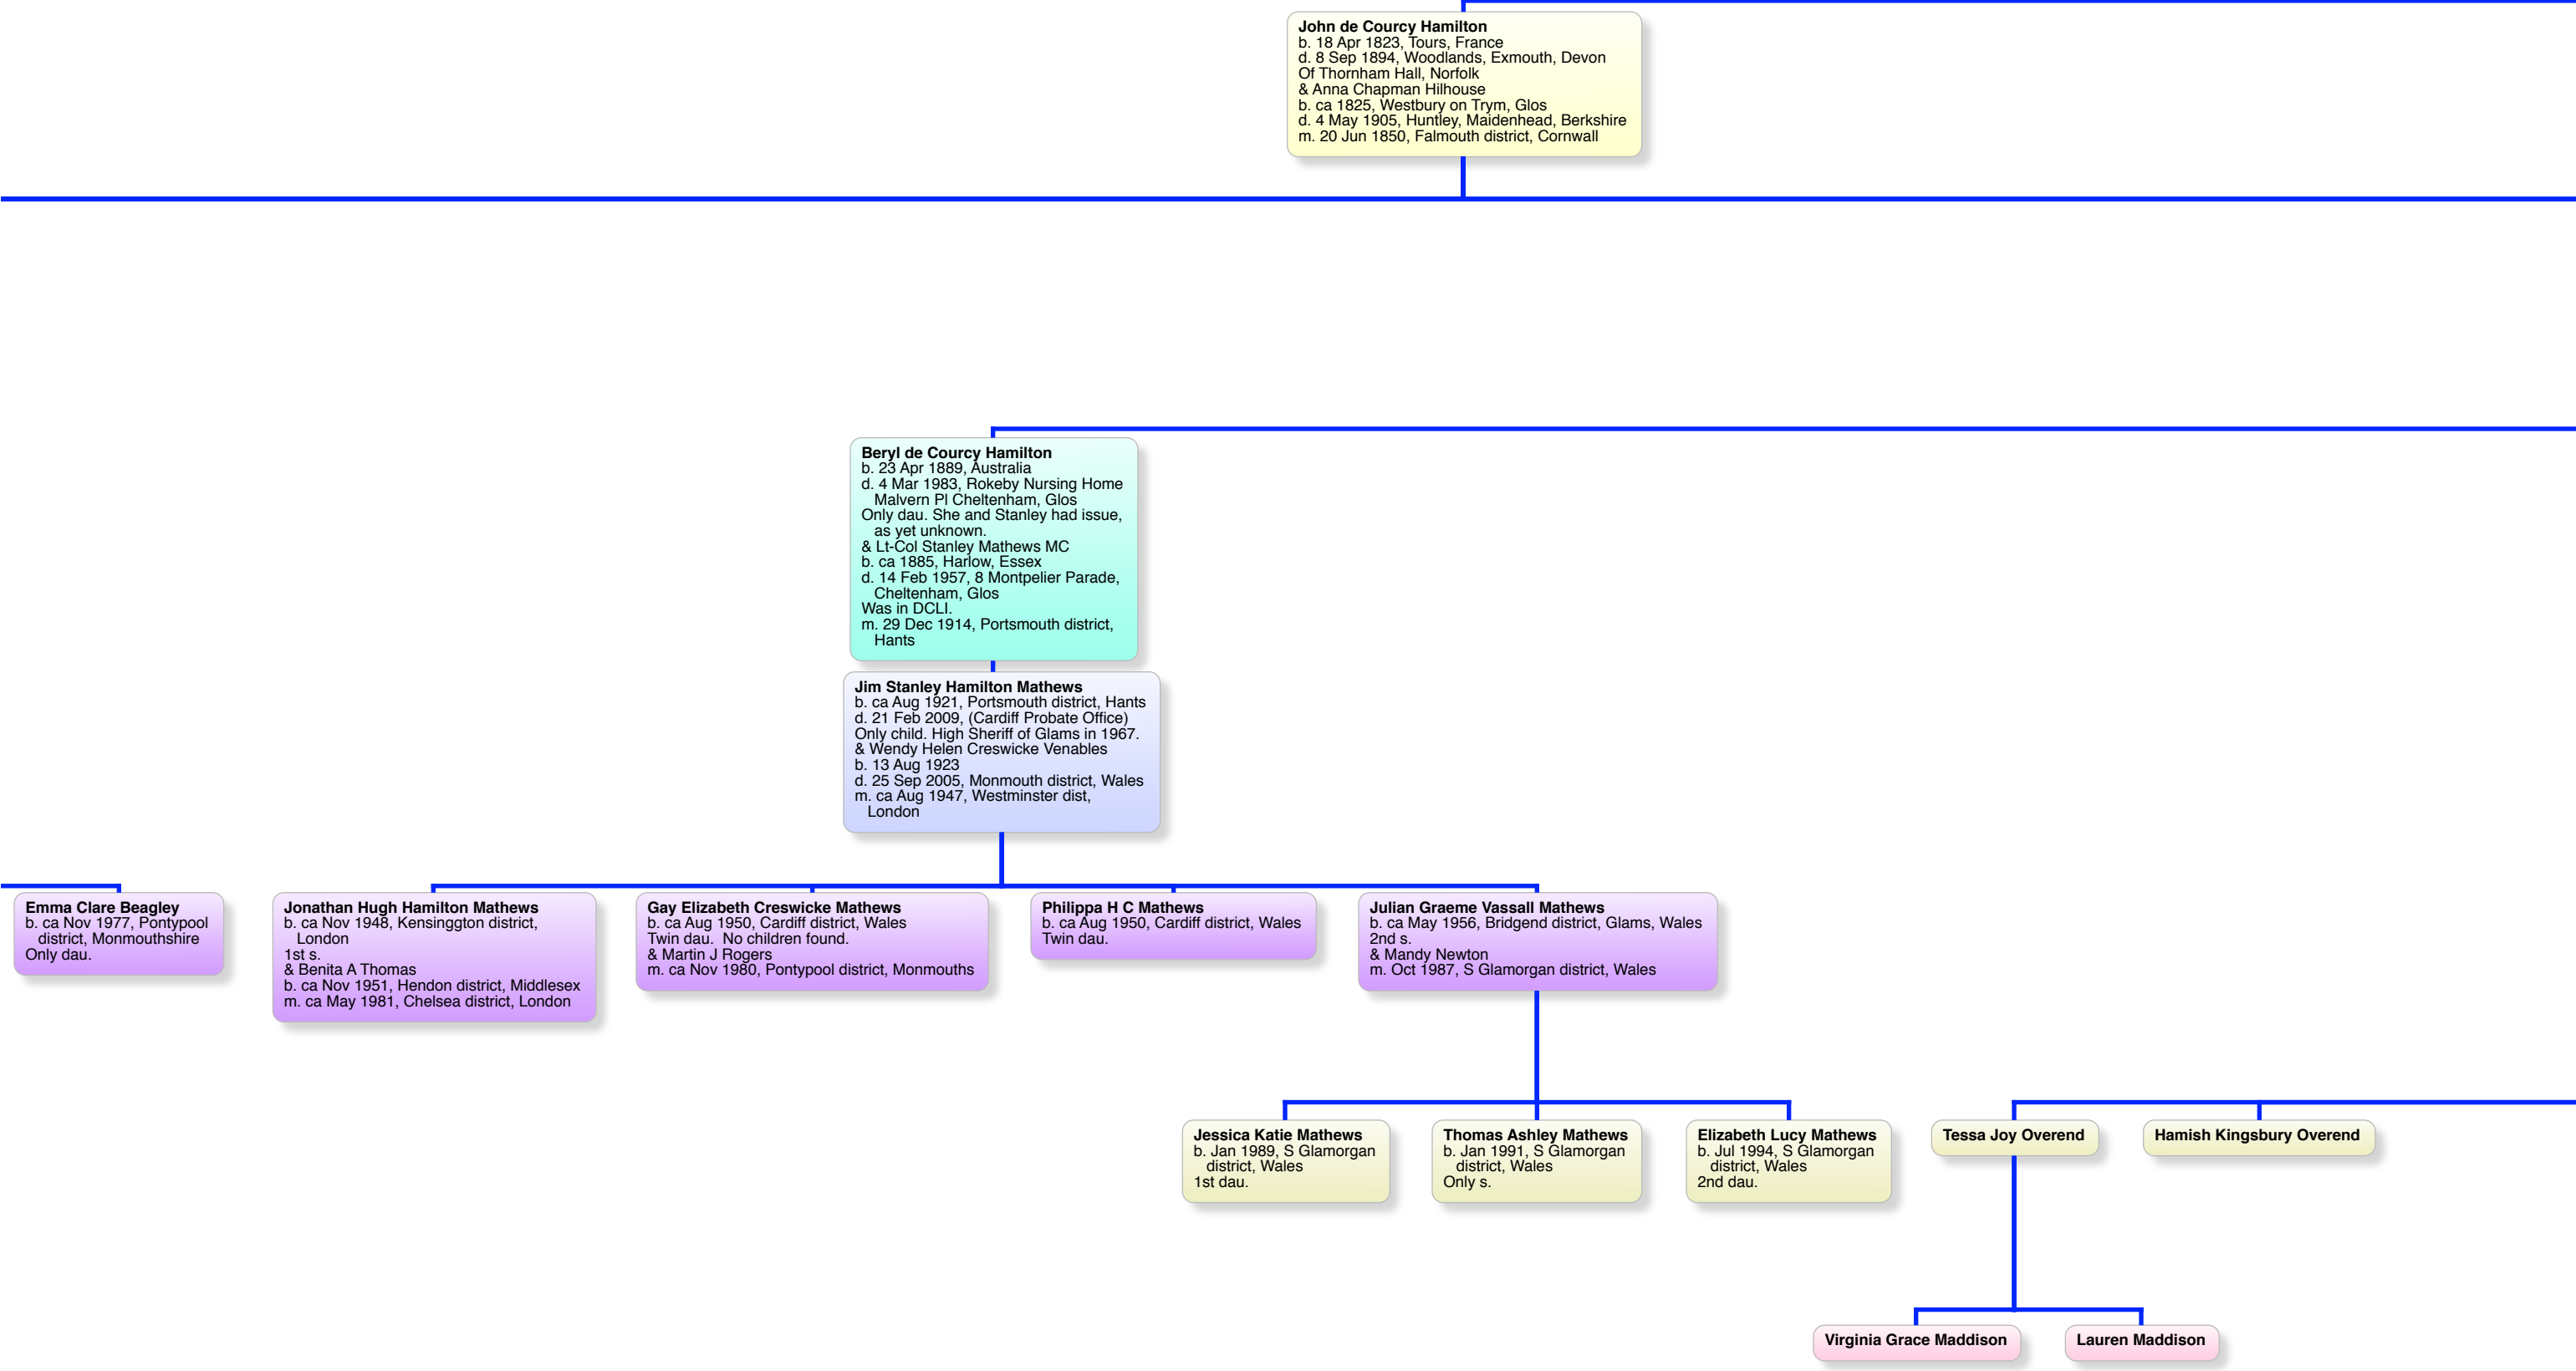

The advantage of publicly held sources is that no confidences are broken by writing this down so that all may use this as an outline reference for their interests.
